

Pro Plan

September 16, 2026 - October 16, 2026

Usage

Infrastructure usage is drawn from your included credit. Once the credits are spent, additional usage is billed on-demand.

Included Credit

\$0.00 / \$20.00

Upcoming Invoice

\$40.00

Including seats, add-ons, and on-demand usage

View Upcoming Invoice

Details

Spend Management

Manage your budget for on-demand charges once the included credit is spent, billed at the end of each cycle. [Learn more about Spend Management](#)

On-Demand Budget

\$0 / \$200 (0%)

Notifications: On

Pause Projects: Off

Configure

Payment Method

Payments for domains, add-ons, and other usage are made using the default card.

AM EX

American Express credit **** 9004

Default

Valid until 8/2033

You need additional permissions to manage your team's payment method.

AI Credit

Purchased AI Credit can be used on AI Gateway and v0. v0 requires a paid plan. Credit expires 1 year after purchase.

Current Balance

\$5.00

Buy Credit

Auto-reload

Off

You need additional permissions to manage your team's AI Credit.

Vercel Agent Usage Billing

Existing Vercel Agent credit is used before usage-based charges.

Remaining Credit

\$0.00

Enable usage billing

New top-ups are no longer available. Existing credit remains available before usage-based charges begin.

You need additional permissions to manage your team's Vercel Agent usage billing.

Flat Rate CDN

Fixed CDN pricing with built-in protection for single day spikes in usage. Exceeding capacity may move you to the next tier at the start of your next billing cycle.

Current Capacity

1M Edge Requests and 1 TB Data Transfer

Configure

> Exclude projects from capacity (optional)
